CHRISTMAS OUTREACH... AMAZING NEWS!

I truly thought this wouldn't happen this year but the GSSM Christmas Outreach is going to happen! I just received word from our African Director, Barnabas, and after meeting with our staff they all agreed they felt led to go ahead. After much prayer have identified a location for the Christmas outreach.

This year's outreach will take place in Migyera, a rural village approximately 100KM or 61 miles outside Kampala. This is the hometown of a former student, Pastor Vincent Musisi. Upon doing some research on this village in Uganda, I found out that this area has deeply struggled with child sex trafficking since 2018. As I was reading the reports on this area and what they have faced and are facing, God just kept impressing on my heart "this is why we want this outreach to happen here". We are already in uncertain times, but to add in this heart-wrenching reality, it just brings this outreach into greater perspective. Although this outreach will look a little different since many of our students outside Uganda will not be able to participate due to closed borders, there is no mistake that God has placed those who will attend in this village for a very specific purpose... **HOPE!**

The students, staff and graduates will help clean up the village, repair homes of the elderly, deliver Family Food Packs and Kid's Kits to the poorest of the poor who will be identified by the GSSM graduate working directly in this community. They will also hold sports clinics, kids' games and a soccer match against the local team. To cap off the 5-day outreach they will hold a village-wide Christmas dinner to which all will be invited. Over the 5-days, the Gospel will be shared during each part of the outreach. This is an incredible amount of time to have the opportunity to share HOPE & FREEDOM that can only be found through Jesus!

Would you join us in praying for this upcoming Christmas outreach? Something we go over with our students many times in their lessons is that **PRAYER is the most important component to any outreach...before, during and after...** "You cover it with prayer!" Satan wants nothing more than to derail what God is going to do. By coming together and committing to pray over this outreach and claiming victory in Jesus name (that quite honestly has already been won on the cross) will set this outreach up to truly impact and change lives for eternity!

We would like to ask you to consider joining us since, without your loving help, none of this would be possible! Think of the impact just one Food Pack, Kids Kit, or Christmas dinner will have. Just in reading more about this village and the unique challenges they face, I just know that God chose this area for a specific reason: to evoke change, instill hope and save a community through the Good News of Jesus Christ!
